COMPANY OVERVIEW

FITC Energy Group Inc is a premier global petroleum trading house established in 2024, headquartered in the United States. In 2025 we established our Sister Company FITC Energy Group DXBS LLC in Dubai as our strategic Headquarter for the Middle East.

We specialise in the procurement, trading, and delivery of crude oil, refined petroleum products, and energy commodities across five continents.

As Part of our main Group Iustus Mercatura Holding Inc. In BVI we are ready to offer our Clients diverse Financial structuring for eligible Clients. Ask us about it and we will convey your request to the responsible Person.

MISSION, VISION & VALUES

OUR MISSION

To be the most trusted independent petroleum trading partner, delivering energy solutions with precision, speed, and integrity — connecting producers and consumers across global markets.

OUR VISION

To become a leading global energy trading house recognised for innovation, ethical practices, and sustainable growth — empowering economies in emerging and developed markets alike.

CORE VALUES

Integrity

Transparent dealings, ethical sourcing and honest partnerships at every level.

Excellence

Delivering superior service standards that consistently exceed client expectations.

Agility

Responding swiftly to market changes with creative, market-leading solutions.

Partnership

Building long-term relationships grounded in mutual growth and shared success.

PRODUCTS & SERVICES

Crude Oil

Spot & term contracts for light, medium and heavy crude grades from key global basins including Saudi Aramco allocation. FOB & CIF available.

Refined Products

EN590/10ppm Diesel, Gasoline (RON 91/95/98), Jet A-1, Naphtha and Fuel Oil traded across global terminals with full documentation.

LPG & LNG

Liquefied petroleum and natural gas procurement, trading and logistics management across SE Asia, Europe and the Middle East.

Base Oils & Lubricants

Group I, II & III base oils and finished lubricants for industrial and transport use sourced from premium refineries with full certification.

Bitumen & Asphalt

Infrastructure-grade bitumen and modified asphalt for road & construction projects — particularly serving East Africa and Southern Europe.

Petrochemicals

Feedstocks and derivatives including benzene, toluene, xylene (BTX) and polymer grades supplied to chemical producers globally.

TRADING MODEL & CAPABILITIES

PILLAR 01

ORIGINATION

Direct producer relationships & NOC partnerships

& infrastructure projects.

OUR JOURNEY

From Vision to Global Energy Leadership

Q4 2024

Foundation

FITC Energy Group Inc. incorporated in the United States. Vision established to create a premier independent global petroleum trading house.

Q1 2025

Africa Expansion

Operations launched in East Africa — Mombasa (Kenya) and Kampala (Uganda). Fuel supply and infrastructure projects initiated.

Q3 2025

Dubai Establishment & Saudi Aramco Allocation

FITC Energy Group DXBS LLC registered in Dubai, UAE. Landmark milestone: secured a major allocation with Saudi Aramco.

Q1 2026

European & Asia Entry

Southern Europe offices opened — Tarragona, Athens, Augusta. South-East Asia presence established in Colombo and Singapore.

2026 →

Growth & Scale

Expanding product portfolio, acquisition of own tanker fleet (8 Suez/Afra-Max vessels), deepening banking and supply partnerships.

WHY FITC ENERGY GROUP?

✓ Proven Global Network

Established relationships with refiners, NOCs, traders and buyers across 5 regions, enabling seamless cross-border transactions.

✓ Regulatory Expertise

Deep knowledge of international trade regulations, OFAC/EU/UN sanctions compliance, customs procedures across all operating regions.

✓ Flexible Deal Structuring

Ability to structure bespoke transactions including spot, forward, tolling, processing and offtake agreements tailored to client needs.

✓ Financial Strength

Backed by robust financing facilities, trade credit lines, P&I coverage and banking relationships to support large-volume trades.

✓ Speed & Execution

Agile team capable of executing transactions quickly, reducing lead times and ensuring reliable delivery on agreed schedules.

✓ Sustainable Approach

Committed to responsible trading, HSE standards, environmental compliance and partnerships that support long-term energy security.

COMPLIANCE & GOVERNANCE

OUR COMPLIANCE FRAMEWORK

- ✓ International sanctions compliance — OFAC, EU, UN
- ✓ Anti-Money Laundering (AML) & KYC procedures
- ✓ Anti-Bribery & Corruption — FCPA / UK Bribery Act
- ✓ Environmental & HSE standards adherence
- ✓ Trade documentation & contract law compliance
- ✓ Counterparty due diligence & credit risk screening
- ✓ Data privacy & confidentiality protocols

CORPORATE GOVERNANCE

Dual Jurisdiction Registration

Registered and fully compliant under UAE (DXBS) and US corporate law, ensuring the highest governance standards.

Board Oversight

Independent board oversight with experienced professionals from the energy, legal and finance sectors.

Audited Financials

Annual audited financial statements prepared to international accounting standards (IFRS).

Insurance & Bonding

Comprehensive trade credit insurance, P&I coverage and performance bond arrangements in place.
